Nursing and the Beach

Weeping Ridge Estates is an adult family home on the outskirts of Othello. Owners Israel Rodriguez recently expanded their facility creating several job openings. Since most of their new hires have never worked in assisted living, staff training is very important.

Melissa wanted a job related to the medical field and applied at Weeping Ridge Estates. Israel interviewed her but found her work history was limited to fieldwork. Israel was impressed with her determination to learn new skills and develop a career in the medical field. He referred her to the Othello Learning Center where she met youth trainer Marcia Bercot.

Career Scope revealed interests in Humanitarian and Science. The WorkKeys assessment showed Melissa needed to brush up math and reading which she did at the Learning Center.

Marcia developed a work experience agreement with Weeping Ridge to show Melissa care giving basics and demonstrate positive work habits. Melissa completed on-the-job training and passed Fundamentals of Care Giving, CPR and First Aid Certifications.

Occasionally patients take vacations and a nurse assistant travels with them. This winter Melissa was selected and went to Hawaii. She worked a full work schedule, but also found time to enjoy the sand and surf.
