Okanogan Quarterly Performance Report

July 1, 2022 – December 31, 2022

On Fire for Helping Others

Kayden was a young adult trying to enter the world of work, but having difficulty finding that perfect fit. After struggling for several months, Kayden turned to WorkSource Okanogan for assistance. There, she worked with WorkSource Job Training staff members Monica and Stephanie, who helped her identify her strengths and interests through skills assessments, and also explore different career options.

Kayden participated in job search workshops where she learned valuable job search strategies and received guidance on how to create an effective resume and cover letter. With the help from Stephanie, she practiced her interviewing skills and learned how to make a positive impression on potential employers.

Kayden completed a work experience at the Foundation for Youth Resiliency and Engagement Center (FYRE) as a crew member in the MTN after-school program. There she learned how to assist youth that have employability issues. After successfully completing the work experience, her supervisor, Mady Sandoval recommended to move forward with an internship followed by a permanent full-time position.

Kayden's supervisor reports that she demonstrated a strong work ethic, developed new skills, and built relationships with her colleagues which led to being seen as an asset to the FYRE organization. Thanks to the support Kayden received she was able to secure a full-time job as a MTN crew member.

We appreciate FYRE as a valuable community partner and as a great opportunity for our young adults to "catch fire" and learn to help others in their community. Congratulations Kayden, may you continue to burn brightly!
