^{*}To be considered a family of one, an individual 18-24 residing in the home must have earned at least \$4374 during the prior six months (30% of \$14,580). See current Youth Eligibility directive for details of 'family of one' and independent/dependent definitions.

NOTE: To calculate the LLSIL for family sizes above eight, add the difference between a family of six and a family of five for each family member beyond six (e.g., \$54,091 - \$46,254 = \$7,837, which when added to \$54,091 equals \$61,928 for a family of seven, and when added to \$61,928 equals \$69,765 for family of eight, etc., when using 70 percent of the 2023 LLSIL).

Reference: WIN 0056 Change 10 4/27/2023 Effective 7/1/2023 AP

& HHS Federal Poverty Guidelines 2023

Note: FPL changes on January 1st annually

^{**}The 2023 HHS poverty level for a family of one is \$14,580. Staff must use this standard for families of one as it is a higher standard than 70 percent of the 2023 LLSIL for a family of one.

^{***}Self sufficiency wage rate is \$36450/2080 = \$17.52. Minimum wage for underemployed OJT trainees is \$17.52 X 90% = \$15.77.
