Greeters assist visitors, job seekers, and career builders to access resources and representatives to learn about the full array of workforce development, educational and other human resource services. Ideally, each partner stations or outstations a qualified employee one morning or afternoon per week during optimum traffic periods. Position requirements, operation mechanics and specific pledges are detailed in the WorkSource Center Certification and coordinated by the Center Operator.

VI. Infrastructure Funding (WorkSource Central Basin & WorkSource Okanogan)

- A. Purpose. This section explains the procedures by which partners will contribute to infrastructure costs (facility, equipment and materials) to provide applicable Business and Career Services at comprehensive one-stop Centers in Moses Lake and Omak.
- B. Costs. Facility and technology costs are shown in Appendix B Infrastructure Budget. Facility (debt service/rent, custodial, utilities & maintenance) of shared space (i.e., greeting, resource, interview & meeting rooms) together with portions of common areas (i.e. entrance, hallways, break and restrooms. Technology includes portions of computer/internet/phone connectivity. Infrastructure costs may include kiosk, signage, outreach, ADA accessibility and a fiscal management.
- C. Allocation. Facility costs for resident partners are based on the proportional share of common and shared space allocated to their occupied space. Facility costs for non-resident partners are based on the proportional share of common and shared space allocated to one cubicle of dedicated space, whether occupied or not. (See footnote details on the budget page). Technology costs are allocated using the same methodology as facility. All programs and visitors have equal access and use of Resource library technology. Programs must specify how they want digital information presented and accessed.
- D. Period. This budget is for a twelve (12) month period July 1 to June 30. The annual Infrastructure budget will be reviewed and approved by partners by March 31 preceding the applicable program year.
- E. Fiscal Management. SkillSource will perform accounting necessary (receipts and disbursements) to implement this section for WorkSource Central Basin. Employment Security will perform accounting for WorkSource Okanogan. Fiscal Management will be performed in accordance with 2 CFR Part 200.
- F. Assumption. When partner program services are housed via lease, the Facility contribution is made by such lessor. By way of example, both ESD and DVR have contributed to infrastructure Facility via Lease.
- G. Billing and Payment. Contributions will be invoiced quarterly and payments due within 30 days after payment due date. After payments are received, SkillSource or Employment shall disburse revenues or credits to applicable facility and technology owners and leaseholders. All funds collected will be remitted to the appropriate resource owners. Reconciliation of the IFA costs will be performed twice per year.
- H. Assurances. Each party in this MOU may reasonably and equitably use shared space to provide applicable career and business services relative to the portion of shared space contributions. Any disputes arising out of shared space use shall be resolved by the Operator. The Career Center building owner or lessee is responsible for assuring compliance with accessibility requirements of the Americans with Disabilities Act.
- I. Process to Achieve Agreement. Local board staff compiled budgets for each Center based on applicable facility and technology costs, facilitated multiple group and individual meetings and worked with partners to come to consensus regarding the basis for allocating costs. Partners provided feedback and recommended changes which centered primarily around technology. A final review draft of the MOU and IFA was shared with all partners for concurrence, then presented to the Board and local elected official for approval.

VII. Accessibility

All persons, including individuals with barriers to employment, will encounter a welcoming environment, multi-media information and flexible hours in order to learn about the partners' programs and services.

Physical Accessibility

One-stop centers will maintain a culture of inclusiveness and the physical characteristics of the facility, both indoor and outdoor, will meet the latest standards of accessible design. Services will be available in a convenient, high-traffic, and accessible location, taking into account reasonable distance from public transportation and adequate parking (including parking clearly marked for individuals with disabilities). Indoor space will be designed in an "equal and meaningful" manner providing access for individuals with disabilities.

Virtual Accessibility

Centers will ensure that workers and businesses have access to the same information online as they do in a physical facility. Partners will communicate so public can readily understand and consume such information. Partners will usually have a website explaining the services available by their One-stop program.

Communication Accessibility

Individuals with sensory disabilities can communicate (and be communicated with) on an equal footing with those who do not have such disabilities. All partners agree that they will provide accommodations for individuals who have communication challenges, including but not limited to individuals who are deaf and hard of hearing, individuals with vision impairments, and individuals with speech-language impairments.

VIII. Equal Opportunity

The parties specifically agree that they will comply with Section 188 of the WIOA Nondiscrimination and Equal Opportunity Regulations (29 CFR Part 38; Final Rule December 2, 2016), the Americans with Disabilities Act (42 U.S.C. 12101 et seq.), the Non-traditional Employment for Women Act of 1991, titles VI and VII of the Civil Rights of 1964, as amended, Section 504 of the Rehabilitation Act of 1973, as amended, the Age Discrimination Act of 1967, as amended, title IX of the Education Amendments of 1972, as amended, and with all applicable requirements imposed by or pursuant to regulations implementing those laws, including but not limited to 29 CFR Part 37 and 38.

IX. Jobs for Veterans Act

Partners agree to comply with the federal Jobs for Veterans Act (P.L. 107-228) as applicable, as well as Washington State Policy 1009 Revision 2: Priority of Service for Veterans and Eligible Spouses.

X. Supplemental Agreements

To ensure flexibility for all partners within this Agreement, it is understood and agreed that two or more partners may enter into separate Supplemental Agreements among themselves. These Supplemental Agreements shall not preclude or negate any terms or conditions set forth in this Agreement (MOU).

XI. Liability

The partners recognize that the partnership consists of local, state, federal agencies, not-for-profit, and for-profit entities. Each partner shall hold harmless other partners from all claims, costs, damages, or expenses arising out of the negligence of the partners. In the case of negligence of two or more partners, any damages allowed shall be levied in proportion to the percentage of negligence attributable to each partner.

XII. Amendment or Cancellation of Agreement

Each partner may cancel its participation in the Agreement upon 60 days written notice to the other partners. In the event a partner determines that funds are unavailable to carry out the activities set forth in this Agreement, the partner shall terminate this Agreement by notifying all other partners and the Workforce Development Board in writing immediately, and the Agreement shall terminate upon the delivery of such written notification. When the cancellation is for cause, i.e., a material and significant breach of any of the provisions of this Agreement, it may be canceled upon delivery of written notice to the other partners.

XIII. General Provisions

Partners are expected to meet their responsibilities under this MOU in accordance with the laws and regulation which govern their activities. Nothing in this MOU is intended to negate or otherwise render ineffective any such provisions or operating procedures.

Nothing in this section prohibits a partner from sharing co-location costs with one or more additional partners. Cost-sharing resources may include cash, in-kind, or other. Each partner is responsible for the costs of its agency in carrying out that agency's commitments of Section V. In no event shall any agency be obligated to pay any expense incurred by another agency under this Agreement.

XIV: Dispute Resolution:

In all circumstances, disputes will be resolved at the lowest level possible as described in [Local Directive 18-173 R1](#). In the event of an impasse at the local level, the directive also describes the steps to be taken to elevate the dispute to the Workforce Training and Education Coordinating Board and other Federal agencies as necessary. In the event the local funding mechanism does not result in an agreeable IFA, the local area will follow state guidance triggering the state funding mechanism outlined in WorkSource System Policy 1024 Revision 2.

XV. Periodic Review and Renewal

The IFA incorporated into this agreement must be updated annually to addresses any changes in the cost of facility and technology. Each subsequent IFA will be in effect for one program year. As it is not federally required that the IFA be re-signed, IFA partners will be asked to provide written authorization via email that they agree with each updated version.

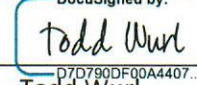

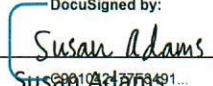

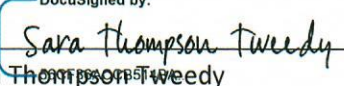

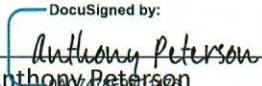

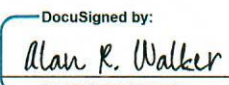

Generally, amendment or modification of the MOU only requires the parties to review and agree to the elements of the MOU that changed. Non-substantive changes to the MOU, such as minor revisions to the budget or adjustments made due to the annual reconciliation of the budget, do not require renewal of the MOU. Because this MOU is a "living document" that is likely to undergo changes over the next three years, changes to the attachments to the MOU that do not change the intent of the document will be considered minor revisions. Additionally, affiliate and connection sites (access point or specialized center) may be added to the MOU without the need to resign the entire document. Affiliate and connection sites added during a program year will not be factored into the budget or IFA during that year and will instead be added in the next full program year or to the next MOU, whichever is most appropriate, based on agreement between the site and the local board. Partners will be notified of minor modifications to attachments or the addition of affiliate or connection sites via e-mail.

Substantial changes, such as the removal or addition of a required partner organization, a change of greater than 15% of planned annual costs overall or a change due to the election of a new Chief Elected Official, will require renewal of the MOU (20 CFR 678.500(b)(6), (d), and (e); 34 CFR 361.500(b)(6), (d), and (e); and 34 CFR 463.500(b)(6), (d), and (e)). Renewal of the MOU requires all parties to review and agree to all elements of the MOU and re-sign the MOU. Oral amendments or modifications shall have no effect. If any provision of this Memorandum of Understanding is held invalid, the remainder of the Memorandum of Understanding shall not be affected.
