Directive #: 14-124 Rev 2 Date: July 1, 2019

TO: SkillSource Staff and Service Providers

FROM: Dave Petersen, Executive Director

SUBJECT: Dislocated Worker Internship

SUPERCEDES: Directive #14-124 Rev 1

Rev 2 Change Summary:

- 1) Removed reference to core and intensive services prior to internship.
- 2) Corrected all references to WIA

Dislocated Worker Internship is a short-term or part-time training assignment at public, private nonprofit and private for profit worksites.

Internship provides participants with occupational skills training for an existing position with a private, public or non-profit business. This activity is appropriate for individuals who have demonstrated pre-employment skills competencies and are ready for occupational training. A participant's need for internship is determined in consultation with their Trainer through objective assessment and interview.

This activity can also be used with basic skills training activities. Occupational training objectives are developed with the Business through a position analysis by SkillSource and the Business supervisor.

PROCEDURE

During assessment, **work readiness** and the **need** for internship should be documented and provided for in the Employment Plan. A Business is identified and the participant interviews for the position. A **Skilldex task analysis** is developed with the host business identifying responsibilities and tasks to be learned during the internship. An **Internship Agreement** is completed clearly outlining the responsibilities of the host business, SkillSource and the participant.

Work Readiness

Participant must have successfully completed ACE (Assessment) and Career Planning Workshops.

RESPONSIBILITIES

Business - A Skilldex Task Analysis and Internship Agreement are completed with the business. Business is given orientation to goals and objectives of SkillSource and the internship. Assess intern's skill development progress monthly through a Skilldex benchmark assessment.

Participant - Participant Handbook is reviewed. W-4 and I-9 forms completed.

Business/Participant - Payroll procedures and time sheets are explained and scheduled and Employee Progress Reports are explained. The Internship Agreement is reviewed and signed by business representative, participant, and Trainer.

Trainer - Completes Task Analysis, Internship agreement, W-4 and I-9 forms, submits for administrative review, performs participant and business orientations, and completes data entry.

OUTCOMES

Expected Outcomes

Competency in job specific skills commensurate with training hours is expected. There may be insufficient training hours to attain entry level skills or a job specific skills competency. Employment at customary entry level rate upon successful completion of internship hours and assigned training plan is anticipated.

Next Steps

Upon completion of internship, unsubsidized employment, basic skills training, on-the-job training may occur.

INTERNSHIP GUIDELINES

Worksite Development

The goal of worksite development is to match the occupational interests of the applicant and the position at the training site. When developing a potential training site, the Business will work with Trainer to develop a Task Analysis.

Basic Skills/Other Classroom Training

Individuals who do not have a high school diploma, GED or demonstrate low basic skills are strongly encouraged to attend basic skills instruction.

Training Plan/ Job Description

A task analysis is developed with the Business using Skilldex to identify occupational skills to be learned and other criteria relating to workplace competency. Business will complete a Skilldex JTA benchmark and participants will also complete a survey assessing their current skill level of the JTA tasks.

Duration

Participation in internship shall be for one month. Typically, internships will be full time (32-40 hrs/wk).

Wage

SkillSource pays intern a training wage equivalent to the Business's entry level wage for the specific position the participant is training in. Upon successful completion of this activity, the employer agrees to hire the participant provided the intern satisfactorily completes the internship.

Intern Orientation

Interns will receive a SkillSource orientation and handbook on or prior to the first day of training. The content of the intern orientation includes the purposes of SkillSource; participant goals and responsibilities; agency responsibilities; trainer responsibilities; guidelines for program length; guidelines for compensation; the training agreement; information on participant work regulations and the Training Agreement.

The orientation function is the responsibility of the Trainer. This orientation is extremely important because it provides a sound foundation for program participation and generally reduces problems at worksites. The orientation usually takes place at the time of enrollment.

Business Orientation and Training Agreement

All worksite supervisors will receive an orientation. During the supervisor orientations, Trainers will outline the supervisor's responsibilities including: monitoring, training, safety, sanitation, on-going supervision, procedures concerning time sheets, pay and problem solving. If worksite problems cannot be solved by the supervisor and participant, the trainer will meet with the supervisor and participant to help resolve. Explain it is the supervisor's responsibility to keep the trainer informed in a timely manner of any problems that arise and promptly notify the trainer if a participant leaves the program for any reason.

Monitoring

Monitoring will be performed on a daily basis by the worksite supervisors and trainers will make on-site visits at least once per month. Worksite supervisors will be expected to immediately report any worksite deficiencies to the trainer. All serious deficiencies will require a prompt visit by a Trainer.

Performance Evaluation

Business will rate the participant's skill level on the JTA tasks via the Skilldex benchmark at completion of internship.

PARTICIPANT BENEFITS

Payroll

Payroll is paid twice each month. Internship participants receive training wages equivalent to the employer's entry level wage for the specific position. The participant and supervisor must both sign time sheets. If time sheets arrive late or are not signed, the participant's paycheck will be delayed. The hours marked on the time sheet must reflect actual hours worked. It is the participant's responsibility to submit their time sheet on time. Participants may not work overtime. Participants may not work more hours per week than were assigned by their trainer. Any overtime hours may be the responsibility of the worksite.

Sick Leave and Time Off

Participants are not paid for sick time or holiday pay. Participants should notify the supervisor if they are sick. Exceptions may be made for participants in special grant programs ie: SCSEP which allows for such benefits.

Accident Insurance

Internship participants are covered under Washington State Industrial Insurance. All accidents should be reported to the immediate supervisor and trainer. If medical attention is needed, the supervisor will assist the participant in getting this aid. The doctor's office will have the necessary accident report forms for claiming Industrial Insurance. Do not complete the employer section of claim and mail to SkillSource immediately. Please report all accidents promptly.
