*To be considered a family of one, an individual 18-24 residing in the home must have earned at least **\$3864** during the prior six months (30% of \$12,880). See current Youth Eligibility directive for details of 'family of one' and independent/dependent definitions.

**Self sufficiency wage rate is $\$32200/2080 = \15.48 . Minimum wage for underemployed OJT trainees is $\$15.48 \times 90\% = \13.93 .

NOTE: To calculate the LLSIL for family sizes above eight, add the difference between a family of six and a family of five for each family member beyond six (e.g., $\$49,297 - \$42,154 = \$7,143$, which when added to \$49,297 equals \$56,440 for a family of seven, and when added to \$56,440 equals \$63,583 for family of eight, etc., when using 70 percent of the 2021 LLSIL).
